Cal OES
GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

SITUATION SUMMARY

Fleet Week, San Francisco, San Francisco County

- Fleet Week Activities run through October 12th. Activities include the Blue Angels performing, parade of ships on the Bay and ship tours.

Cal OES Activation Status

- The Cal OES State Operations Center (SOC) transitioned to Joint Field Office (JFO) operations with FEMA to support recovery operations.

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought

Weather of Concern

- For portions of Southern California, the heat wave will peak on Friday. Slight cooling is expected Saturday with more cooling Sunday. Hot conditions are due to high pressure anchored over the southwestern U.S. The valleys and desert areas will see temperatures climb into the 100s, with the inland coastal areas reaching 90+ degrees. Five to ten degrees of cooling is expected on Sunday. The extended period of hot and dry conditions will also bring elevated fire danger.

Active Weather Warnings, Watches and Advisories by County:

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA

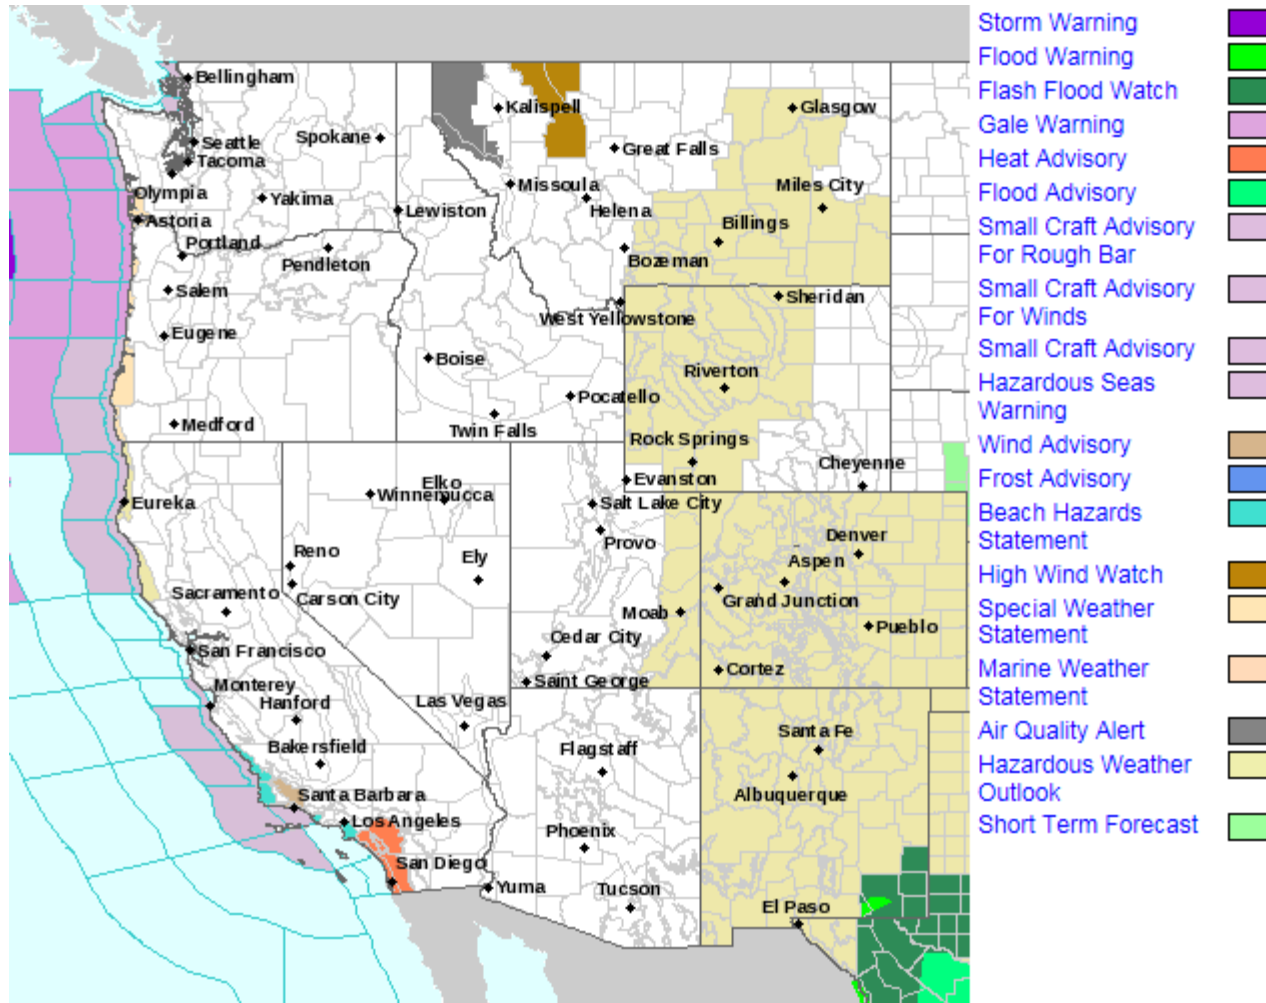

Strong high pressure over Northern California will move east and south on Friday as a broad Pacific low pressure trough approaches Northern California. Scattered high clouds will continue to stream over the northern end of the region today. In inland areas afternoon temperatures reach 5-10 degrees above normal and the driest areas will see relative humidity drop to 15-25% today and Friday. A weak frontal system will bring clouds to the North Coast Friday, with a slight chance of light rain in the far northwest corner of California. This system will likely not even produce wetting rain. Another frontal system will brush far Northern California late Saturday as the high moves over Southern California. This second system will produce more wind and clouds than the first system, but wetting rain is unlikely with this system as well. Temperatures and humidity will likely move closer to seasonal normals this weekend. High pressure will gradually build back over Northern California next week, producing warm and dry conditions similar to what we're currently seeing.

SOUTHERN CALIFORNIA

A high pressure ridge coupled with a weak offshore pressure gradient will result in hot weather for the next several days. Although high temperatures may be tempered somewhat by high cloudiness today, most areas will see readings this afternoon climb at least 5 degrees over yesterday. Highs should reach the 80s along the immediate coast to the lower to mid-90s in the valleys and lower foothills. Areas of north winds of 10-20 mph will be possible throughout the day, mainly along the I-5 Corridor and across the south coast of Santa Barbara County. Pressure gradients will turn a bit more northeast tonight into Friday morning which will allow northeast winds up to 15 mph to occur across the Cajon Pass, Santa Ana Canyon and other areas which typically see breezy conditions during offshore flow events. Relative humidity recovery will be poor in these areas tonight. Friday and Saturday look to be the warmest days of the period with highs near 100 in the valleys and lower foothills. Afternoon relative humidity will approach the 10-15 percent range over most elevations below 4,000 feet each afternoon through Saturday. A very slow cooling trend will begin Sunday as pressure gradients turn back onshore, but temperatures will likely remain above normal through the middle of next week. A cutoff low pressure area may bring showers back to the area by next Wednesday.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

- The SOC is activated in support of the Drought State of Emergency and continue to monitor the situation.
- The Governor issued Executive Order B-26-14 on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought, specifically through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- The Governor issued Executive Order B-29-15 on 04/01/15 which announced actions that will save water, increase enforcement to prevent wasteful water use, streamline the state's drought response and invest in new technologies to make California more drought resilient.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.
- Cal OES Recovery continues to coordinate the Community Impacts Workgroup conference calls. Currently, the calls take place on alternating Wednesdays.
- Cal OES Recovery/Individual Assistance finalized an updated 2015 version of the drought brochure of programs and services for individuals, businesses, farmers, and ranchers. It has been put on the Governor's Drought webpage. State agencies may put the following link to the brochure on their webpage <http://ca.gov/drought/pdf/Drought-Assistance-Brochure-2015.pdf>
- Cal OES Regions (Inland, Coastal, Southern) collective OA drought call is facilitated by the SOC every Monday at 1100 hours.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

Local Emergency Proclamations:

A total of 60 local Emergency Proclamations have been received to date from city, county, and tribal governments, as well as special districts:

- 27 Counties: Butte, El Dorado, Fresno, Glenn, Inyo, Humboldt, Kern, Kings, Lake, Madera, Mariposa, Merced, Modoc, Plumas, San Bernardino, San Joaquin, San Luis Obispo, Santa Barbara, Shasta, Siskiyou, Sonoma, Stanislaus, Sutter, Trinity, Tulare, Tuolumne, and Yuba.
- 12 Cities: City of Live Oak (Sutter County), City of Lodi (San Joaquin County), City of Manteca (San Joaquin County), City of Montague (Siskiyou County), City of Porterville (Tulare County), City of Portola (Plumas County), City of Ripon (San Joaquin County), City of San Juan Bautista (San Benito County), City of Santa Barbara (Santa Barbara County), City of Rancho Cucamonga (San Bernardino County) and City of West Sacramento (Yolo County) and City of Willits (Mendocino County).
- 9 Tribes: Cortina Indian Rancheria (Colusa County), Hoopa Valley Tribe (Humboldt County), Karuk Tribe (Siskiyou/Humboldt Counties), Kashia Band of Pomo Indians of the Stewarts Point Rancheria (Sonoma County), Picayune Rancheria of Chukchansi Indians (Madera County) Sherwood Valley Pomo Indian Tribe (Mendocino County), Tule River Indian Tribe (Tulare County), Yocha Dehe Wintun Nation (Yolo County), and Yurok Tribe (Humboldt County).
- 12 Special Districts: Carpinteria Valley Water District (Santa Barbara County), Goleta Water District (Santa Barbara County), Groveland Community Services District (Tuolumne County), Lake Don Pedro Community Services District (Mariposa Stanislaus County), Mariposa Public Utility District (Mariposa County), Meiners Oaks Water District (Ventura County), Montecito Water District (Santa Barbara County), Mountain House Community Service District (San Joaquin County), Nevada Irrigation District (Nevada County), Placer County Water Agency (Placer County), Tuolumne Utilities District (Tuolumne County), and Twain Harte Community Services District (Tuolumne County).

CAL OES MISSIONS

New Cal OES Missions

2015-LAW-18797-10/7/15, 0910 hours - Tehama County Sheriffs Office has requested the Region III MIGU and Cal OES Auxiliary Communications Service (ACS) personnel for a Child Abduction Response Team (CART) Exercise. The LDO coordinated with T-Com AC Mike Beckstrand to secure ACS personnel and deployment of the MIGU III unit. The Exercise is scheduled for October 27, 2015 in Red Bluff, California. **Mission Ongoing.**

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
